Nafisa Siddiquee

BSC in Zoology ,Noakhali Govt. College

Phone: +8801744-107-527
Email: nafisasiddiquee36@gmail.com
Address: College road, Chowmuhani, Noakhali

SUMMARY

Dedicated and passionate Zoology graduate with a strong academic foundation and exceptional proficiency in English communication. Possesses strong interpersonal and presentation skills, with a natural ability to engage students, simplify complex concepts, and foster a positive learning environment. Adaptable and detail-oriented, seeking an opportunity to leverage my language proficiency and subject knowledge as an English Teacher to contribute effectively to academic excellence.

EDUCATION

B.Sc. in Zoology **September 2026**
Noakhali Govt. College (Under National University Bangladesh)

- CGPA: 3.00

Higher Secondary Certificate (HSC) **2020**
Chowmohani Govt. S.A. College

- GPA: 4.75

Secondary School Certificate (SSC) **2018**
Gonipur Pilot Girls High School

- GPA: 4.78

RESEARCH WORK & PUBLICATIONS

1. Prevalence, Molecular Detection, and Antibiotic Resistance Profiles of Escherichia coli Isolated from Urinary Tract Infection Patients in Northern Bangladesh
Nafisa Siddiquee, Saikat Mahmud, Dr. Susmita Sen
Novel Research in Microbiology (Under Review), 2026.

- Investigated the prevalence, molecular characteristics, and antibiotic resistance profiles of Escherichia coli isolated from UTI patients in Northern Bangladesh.
- Analyzed resistance patterns to evaluate public health implications and therapeutic challenges associated with multidrug-resistant strains.

2. Public Awareness and Expectations of Accelerated Reliable MRI Imaging Using Machine Learning
Nafisa Siddiquee, Ifreet Zareef Hossain, Mahir Mohtab Ayman, Prantik Baroi, Shraysree Mandal, Juena Ahmed Noshin
International Conference on Electronics and Informatics (ICEI), Bangladesh, 2026.

- Investigated public awareness, perceptions, and societal expectations regarding the integration of machine learning into accelerated reliable MRI diagnostics.
- Analyzed survey/data metrics to evaluate user trust and technological readiness for AI-driven medical imaging solutions.

ACADEMIC & FIELDWORK EXPERIENCE

1. Zoological Field Study & Report Writing – Fishery Ghat, Cox's Bazar
Academic Study Tour

- Conducted field observations on local fishery activities, aquatic biodiversity, and fish handling practices.
- Documented relevant biological observations and field information as part of an academic study.
- Prepared a structured academic report based on field observations and supporting study materials.

2. Field Study on Poultry Farming
Academic Field Study

- Observed poultry farming practices, including bird management, housing, feeding, and general farm operations.
- Documented observations related to poultry production and animal management.
- Prepared an academic report based on field observations and relevant study materials.

3. Field Study on Coastal Area – Cox's Bazar

Academic Field Study

- Explored the coastal area of Cox's Bazar to study local ecosystem dynamics, marine biodiversity, and habitat characteristics.
- Analyzed the socio-economic importance of the coastal region and its contributions to the local economy and livelihoods.
- Documented environmental features, human-environment interactions, and prepared a comprehensive academic report based on field findings.

4. Field Study on Crab Farming

Academic Field Study

- Observed crab farming practices, including farming systems, habitat management, feeding, and general production activities.
- Documented observations related to crab farming and aquaculture practices.
- Prepared an academic report based on field observations and supporting study materials.

5. Field Visit on Niribili Hatchery – Cox's Bazar

Academic Field Visit

- Observed commercial aquaculture operations, hatchery management, and artificial breeding techniques for fish and shrimp larvae.
- Examined water quality management, larval feeding systems, and disease prevention protocols implemented in hatchery units.
- Prepared a detailed technical report summarizing practical insights into modern hatchery practices and commercial aquaculture production.

TECHNICAL SKILLS

- **Field Techniques:** Field Observation, Biological Sampling, Species Identification, Biodiversity Assessment
- **Laboratory Techniques:** Basic Microscopy, Biological Specimen Preparation, Taxonomic Identification
- **Data & Research:** Data Collection, Data Documentation, Basic Statistical Analysis, Literature Review
- **Software:** Microsoft Excel, Microsoft Word, Microsoft PowerPoint
- **Scientific Communication:** Scientific Report Writing, Academic Documentation, Data Presentation
- **Languages:** Bengali (Native), English (Fluent on both spoken and written with strong command over grammar and vocabulary)

VOLUNTEER EXPERIENCE

Campus Ambassador **2025-present**

National Union of Research Organization

- Worked as a campus ambassador and participated in multiple seminars and research workshops.
- Promoted academic and research engagement while supporting organizational outreach and event participation.

Campus Ambassador **2021–2022**

National University Skill Development Forum (NUSDF)

- Acted as a campus representative and inspired students to engage in academic research and skill development activities.

ACADEMIC & CO-CURRICULAR ACTIVITIES

- **English Public Speaking & Presentations:** Actively participated in academic presentations, seminars, and workshops, demonstrating strong command over English articulation and audience engagement.
- **Writing & Documentation:** Authored multiple academic and research reports in English, highlighting advanced proficiency in professional writing and structural formatting.
- **Private / Informal Tutoring**:Conducted regular English coaching sessions for school-level students, focusing on grammar, vocabulary, reading comprehension, and conversational fluency. **Lesson Planning**: Designed engaging lesson plans and interactive activities to improve students' writing skills and boost their confidence in public speaking. **Academic Monitoring**: Monitored academic progress and provided constructive feedback to help students achieve better grades in English examinations.
